

The Responsibilities of the Board of Directors

The Board of Directors is O-Bank's highest governing body. It has 9 members, including 4 independent directors. All directors serve three-year terms, and may serve successive terms if re-elected. The major responsibilities of the Board of Directors include reviewing the company's business plan, capital increases and decreases, organizational rules, budgets and year-end accounts, appointment and dismissal of managerial officers, important loans, and approval of matters of material importance. In addition, the Board of Directors has set up a 3-member Board of Managing Directors that meets when the Board is not in session to exercise the powers of the Board of Directors within the scope of authorization granted by the latter.
